

DODGE COUNTY
OUR PLAN, OUR FUTURE

Year 2045 Comprehensive Plan Update

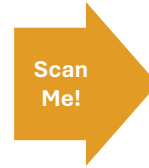

WE NEED YOUR INPUT!!

An on-line Project Engagement Hub has been created for residents and stakeholders of Dodge County to actively participate in the development of it's Year 2045 Comprehensive Plan. This is a statutorily required update to the existing Comprehensive Plan prepared in 2015. Issues and opportunities associated with county-wide topics such as transportation, housing, economic development and more will be evaluated as part of this process

Use the Project Engagement Hub to get the latest information about the plan's development and review draft materials as they become available. Easily navigate the various tabs to access historic planning information, useful resources about land use planning and regulation, project contacts, and a listing of opportunities and methods for you to provide public input.

Take a picture of the QR Code to go directly to the Project Engagement Hub or visit the Dodge County website at <https://www.co.dodge.wi.gov/>
